You might already have insurance!

Good news, you may qualify for coverage through the HUSKY Family Planning Program, a partial Medicaid benefits program that allows you to access a range of primary and preventative care services at no cost.

In addition to your visit being free, you can also get any of the following services and medications at no cost:

- Physical exams
- STI testing, treatment & medications
- Birth control & contraceptives, including pills, condoms, IUDs & implants
- Family-planning prescriptions
- Sterilization (tubal ligation & vasectomy)
- STI testing/treatment, including HIV screening and prevention (PrEP/PEP)
- Pap smears/pap follow-up.
- HPV, Hep B, and monkey pox vaccines.
- Family planning/preconception counseling.

Here's what you should know about HUSKY FP coverage

- **Coverage is free** with zero out of pocket cost for Medicaid Family Planning services.
- You likely got this coverage because **you recently applied for full Medicaid (HUSKY) but were not eligible**. Ask your provider to confirm your coverage status and help you understand your benefits. **If you or a family member experience a change in income, you can apply again for full benefits at any time.**
- **Want to apply? Scan the QR code!** You can apply for healthcare coverage at **accesshealthct.com**. If you're not eligible for a program that covers all of your healthcare needs, but are eligible for HUSKY Family Planning, you will be enrolled within 45 days.
